Unhošť

Select your new home in the newly-emerging Residence Unhošť project, located right next to the quiet centre of town. The project is comprised of four blocks of flats with a common park, with parking spots and cellar stalls. The units in the block of flats offer full, functional and practical layouts. There will be 24 flats ranging in size from two to four rooms with kitchenettes in each of the buildings. The blocks of flats are in the energy class of B – an energy-efficient building.

A quiet locality with perfect traffic accessibility and civic facilities just outside the borders of the capital city. There is a preschool, elementary school, playground and shopping centre in the immediate vicinity and, thanks to the proximity of the bus stop, there is excellent transportation to the centre of Prague from the locality. The 126 shops, top fitness centre and cinema in Metropole Zličín, about a 30-minute drive, offer expanded shopping and entertainment opportunities.

Unhošť is the gateway to the legendary Křivoklát Forests – the Křivoklát nature reserve. Many cycling and tourist paths pass by Unhošť. The town is currently developing and, with regards to the good accessibility to Prague and its position on the edge of the Křivoklát Forests, it is a very attractive location for family life.
